Immunohistochemistry and Special Stain Requisition

Phone 866.776.5907 / Fax 239.690.4237
neogenomics.com

Client Information

Required Information

Account #: _____ **Account Name:** _____

Street Address: _____

City, ST, ZIP: _____

Phone: _____ **Fax:** _____

Additional Reporting Fax: _____

Requisition Completed by: _____ Date: _____

Ordering Physician: _____ **NPI #:** _____
(please print: Last, First):

Treating Oncologist/Physician: _____ **NPI #:** _____
(please print: Last, First):

The undersigned certifies that he/she is licensed to order the test(s) listed below and that such test(s) are medically necessary for the care/treatment of this patient.

Authorized Signature: _____ **Date:** _____

Billing Information

Required: Please include face sheet and front/back of card for both primary and secondary insurance.

Patient Status (Must Choose 1): ☐ Hospital Patient (in) ☐ Hospital Patient (out) ☐ Non-Hospital Patient

Bill to: ☐ Client Bill ☐ Insurance ☐ Medicare ☐ Medicaid ☐ Patient/Self-Pay
☐ Split Billing - Client (TC) and Insurance (PC) ☐ OP Molecular to MCR, all other testing to Client
☐ Bill charges to other Hospital/Facility: _____

Prior Authorization # _____ See NeoGenomics.com/billing for more info.

Clinical Information

Required: Please attach patient's pathology report (required), clinical history, and other applicable report(s).

ICD 10 (Diagnosis) Code/Narrative (Required): _____

Reason for Referral: _____

☐ New Diagnosis ☐ Relapse ☐ In Remission ☐ Monitoring

Staging: ☐ 0 ☐ I ☐ II ☐ III ☐ IV Note: _____

Patient Information

Last Name: _____ ☐ **Male** ☐ **Female**

First Name: _____ **M.I.** _____ Other Pt ID/Acct #: _____

Date of Birth: mm _____ / dd _____ / yyyy _____ Medical Record #: _____

By completing this section, Client represents it has obtained informed consent from patient to perform the services described herein.

Specimen Information

Specimen ID: _____ **Block ID:** _____

Fixative/Preservative: _____

Collection Date: mm _____ / dd _____ / yyyy _____ **Collection Time:** _____ ☐ AM ☐ PM

Retrieved Date: mm _____ / dd _____ / yyyy _____

Hospital Discharge Date: mm _____ / dd _____ / yyyy _____

Body Site: _____

☐ Primary ☐ Metastasis – If Metastasis, list Primary: _____

☐ FNA cell block: _____

☐ Smears: Air Dried _____ Fixed _____ Stained **(type of stain)** _____

☐ Slides # _____ Unstained _____ Stained _____ ☐ H&E _____

☐ Paraffin Block(s) #: _____ ☐ **Perform IHC testing on all blocks, unless otherwise noted.**
For all other testing, specify which block to use for each if sending multiple blocks. See back for details.

Predictive Marker Fixation (CAP/ASCO Requirement):
‡*Indicated markers/panels/profiles require fixation information*

Cold ischemic duration (mins): _____ ☐ ≤ 1 hour ☐ Unknown
Fixative: ☐ 10% NBF ☐ Other: _____ ☐ Unknown
Fixation duration (hours): _____ ☐ 6-72 hours ☐ Unknown

G - Global **G-IA** - Global with Image Analysis **T** - Tech-Only/Stain-Only **T-IA** - Tech-Only with Image Analysis
T-SQnt - Tech-Only with Semi-Quantitative interpretation by Client

Consultation - A NeoGenomics pathologist will select medically necessary tests with any exception noted below by the client to provide comprehensive analysis and professional interpretation for the materials submitted. Performed on FFPE only.

☐ **Surgical Pathology Consult** (FFPE only) ☐ Add NeoTYPE® Profile if indicated

Differential Diagnosis: _____

Limited Consults - A NeoGenomics pathologist will only order the necessary IHC testing and will evaluate the submitted material within the scope of the specific pathology question selected. Please note that these consults are not intended for subspecialty second opinions or primary diagnostic reports. If a full second opinion consult is required, please select the full Consultation option provided above.

☐ Amyloidosis ☐ IgG/IgG4 ☐ Carcinoma Micromets ☐ Melanoma Micromets

Specimen Requirements

Refrigerate specimen if not shipping immediately and use cool pack during transport. Please call Client Services team with any questions regarding specimen requirements or shipping instructions at 866.776.5907 option 3. Please refer to the website for specific details on each specimen.

Additional Billing Information

Any organization referring specimens for testing services pursuant to this Requisition Form ("Client") expressly agrees to the following terms and conditions.

1. **Binding Service Order.** This Requisition Form is a contractually binding order for the services ordered hereunder ("Services") and Client agrees that it is financially responsible for all tests billable to Client hereunder.

2. **Third Party Billing by NeoGenomics and Right to Bill Client.** Client agrees to accurately indicate on the front of the Requisition Form that either Client should be billed (e.g., Client receives reimbursement pursuant to a non-fee-for-service basis, including, but not limited to, a capitated, diagnostic related group ("DRG"), per diem, all-inclusive, or other such bundled or consolidated billing arrangement) or NeoGenomics should bill the applicable federal, state or commercial health insurer or other third party payer (collectively, "Payers") for all Services ordered pursuant to this Requisition Form. For all such Services billable to Payers, Client agrees to provide all billing information necessary for NeoGenomics to bill such payer. In the event NeoGenomics: (i) does not receive the billing information required for it to bill any Payers within ten days of the date that any Services are reported by NeoGenomics; (ii) the Services were performed for patients who have no Payer coverage arrangements; or (iii) the Payer identified by Client denies financial responsibility for the Services and indicates that Client is financially responsible, NeoGenomics shall have the right to bill such Services to Client.

Additional Specimen Information

If submitting multiple blocks, clients must indicate either "Choose best block (global molecular/NGS testing only)", "Perform IHC testing on all blocks", or assign the selection of blocks to individual tests. If multiple blocks are sent without a selection, they will be held until clarification is provided. Please call Client Services team with any questions regarding specimen information.

Test Descriptions

Please see complete test descriptions and all available tests at our website, www.neogenomics.com/test-menu.

Test Notations

Specimen Usage

NeoGenomics makes every effort to preserve and not exhaust tissue, but in small and thin specimens, there is a possibility of exhausting the specimen in order to ensure adequate material and reliable results.
